

## Environment Policy

### “Say No to Plastic “

As we know that plastic items are non-degradable in nature that leads to soil pollution and affect the soil health significantly. The Aryabhata College management has taken sufficient attention not to use plastic in the College campus and displayed a slogan “**Say No to Plastic**” in places like canteen, seminar halls, corridors etc. to the students, staff, parents and public. The college insisted the people to use degradable material bags . These efforts are very much essential to keep the environment neat and clean to conserve nature.

## Solid Waste Management

The Aryabhata College has a very good solid waste management policy. Dustbins of different colours are kept in different places across the campus to provide a dust free environment to the stakeholders. The dust bins are labelled properly for the indication of degradable and non-degradable items.

## Napkin Disposal Facility

Menstrual Hygiene Management(MHM) is an indispensable part of the Swachh Bharat Mission Guidelines (SBM-G) for adolescent girls and ladies. The Aryabhata College Management is implementing the safe practices of disposing of napkins using small scale incinerators in ladies toilet.
